

Pastor Chung, !

Thank you so much for allowing me to be apart of advent and just letting me feel god's love and presence here. I am so thankful for everything you both have do from all the big things to the smaller things. Your prayers has really encouraged me and made me realized god is a living hope and I should never felt hopeless. I wish your church the best of luck and overall everything you both do will be filled with god's blessing. Thank you for letting me be apart of Advent even though I am not that good looking Ha Ha. >5
