

Dear Pastor Chung,

Your heart is so big! Thank you so much for organizing such a large event and taking care of all of us. You are like a team Dad for all ADVENTers, except you're young and very handsome. Your smile really brings joy to me and your jokes make me laugh. I find them funny $\ddot{\smile}$. God has used you to bless so many people, especially from our church. This is a place where we can take part in the harvest while also experiencing God in brand new ways. Thank you for all of the things that you did for us that went unnoticed. You work so hard behind the scenes so that we can enjoy and focus on the battle ahead. You are amazing! I love you!
