

Pastor Chang,

(the handsome)

Thank you for all the hard work you've put into ADVENT! It takes such a tremendous amount of work and organization to put this program together every year. I'm so thankful that you still choose to do this, even though it must be exhausting for you and your church. May God bless you greatly for your service! It has not only blessed the Taiwanese students but also all of us participants that come from the United States.

加油!

Joseph Mao,
(the sweet)
